Master Gardeners may not receive monetary compensations for their public appearances. Anyone who wishes to give an honorarium may do so to the Master Gardener Program. For more information, call the Master Gardener Program at (239) 461-7514.

In compliance with ADA requirements, participants with special needs can be reasonably accommodated by contacting the Lee County Extension Service at least 10 working days prior to the meeting. We can be reached by phone at 941/461-7514, or by fax 941/461-7501.

The Extension Service is part of a publicly funded statewide educational network that provides information and scientific knowledge to area residents, businesses and government leaders. The University of Florida, Extension Service offers the latest research and technology in more than 200 subjects related to horticulture, energy/conservation, agriculture, youth development and family and consumer sciences. Last year, the Lee County Extension Service provided assistance to more than 70,000 people and provided 463 classes and workshops on everything from family financial planning to pesticide training.

The Lee County Extension Service is an Equal Employment Opportunity - Affirmative Action Employer that provides research, educational information and other services without regard to race, color, sex, age, handicap or national origin.
