

Florida Friendly Landscape Yard Recognition

Be part of the Lee County Florida Friendly Landscaping (FFL) community by getting your yard recognized as “Florida Friendly!”. A mutually convenient appointment will be arranged, and Lee County Master Gardeners will tour your yard looking for application of the 9 FFL principles and the absence of invasive plants. Upon successful completion of the yard visit, you can proudly display your FFL Yard Recognition Sign.

If you can positively check all three boxes, you’re ready for our friendly yard visit.

- **Attended a Florida Yards & Neighborhoods (FYN) Intro class?**
- **No invasive plants in your yard?**
- **Follow the 9 FFL principles?**

Please contact us to arrange a yard visit today so that we can recognize your achievement.
