Tree Growth, Disease and Insect Problems  
Friday, January 23, 2015

This four hour workshop will emphasize what make trees work, their functions and how those relate to minor and major landscape problems. We’ll wrap up by having you test your diagnostic skills and recommending solutions to tree problems.

**North Fort Myers Recreation Center**  
2,000 North Recreation Park Way, North Fort Myers. Behind the library on Tamiami Trail

Register and pay online at [EventBrite](#) or, on the day of the class if space is still available. $25 per person online or $30 at the door. Make check payable to LCOEAB.

**CEUs**: 4 each of ISA, FNGLA, Right-of-Way, Limited Landscape Maintenance, Limited L&O, Commercial L&O, O&T, Natural Areas.

Stephen H. Brown  
Lee County Horticulture Agent
