USDA, UF/IFAS Extension, FAMU and Boards of County Commissioners Cooperating.
This is a series of classes based on conserving our resources, learning new skills and becoming more sustainable at home. Classes include:

**Home Gardening Essentials:**

This class will outline the essential skills required to plan and implement your home vegetable or herb garden. It will provide information on seed and seedling sources, as well a valuable information on the various home garden systems which will fit into your urban landscapes and satisfy local landscape and association codes. Importantly, you will learn the basic skill required to grow vegetables and herbs all year round, providing a source for fresh, nutritious and wholesome greens.

**Saving Energy and Water in Your Florida Home:**

Is your money going down the drain or out the window? Learn how to save money on water and energy expenses inside your home.

**Right Plant, Right Place Solutions for Your Yard:**

The choices you make at home in Southwest Florida have far-reaching consequences on the environment. Simply choosing the Right Plant for the Right Place provides homeowners sustainable and economic benefits. This session shows simple ways to redesign and care for lawn and landscape, saving you time and money.

**Managing Your Household Budget In Tough Times:**

Looking for ways to save money on your household budget? Learn how to save money on food, insurance, and other household expenditures. Each participant receives a Money Management calendar.

**Easy and Nutritious Food Preparation:**

Food prices are increasing, obesity is an epidemic and many health related issues are caused by our diets. Learn easy ways to prepare nutritious, affordable meals that the entire family will enjoy.

Classes will be held at:
UF/IFAS Lee County Extension Office
3406 Palm Beach Blvd.
Ft. Myers, FL 33916 (located inside Terry Park)
