Soil, Plant and Fertilizer Workshop  
Wednesday, June 24th, 2015

This workshop is about soil-plant relations, reclaimed water, and fertilizer technology and use. At the end of this workshop you will understand the relations between soils, plants, water, and fertilizer and how to deliver healthier and better looking plants to your customers.

When: Wednesday, June 24, 1:00PM-3:50PM  
Where: North Fort Myers Recreation Center, 2000 North Recreation Way, North Fort Myers. To get there, GPS 2001 N. Tamiami Trail, North Fort Myers
Cost: $12/person online; $15 at the door  
Registration: Click on EventBrite for registration.
CEUs: Three Limited Urban Fertilizer and FNGLA; 2.5 ISA CEUs.
